Nash Drive traffic flow adjusted

THE COLONY, Texas — On Aug. 23, Nash Drive was opened to one-way traffic westbound between Miller and John Yates drives after roadwork on the westbound lane was completed.

However, after reviewing traffic patterns and receiving concerns from parents of students at Peter's Colony Elementary School, the city has decided to adjust the traffic flow around the school to reverse the direction until both lanes are open.

Beginning Monday, Aug. 31, traffic on Nash will be limited to one-way eastbound between John Yates and Miller. The city believes this will lessen the congestion at the intersection of Nash and John Yates and improve traffic flow for student pickup and drop-off.

City officials will continue to monitor the area to determine the success of this change and proceed accordingly. We apologize for any confusion, but we believe the change will be beneficial in the long run.

For questions or additional information, contact the Government Relations Department at 972-624-3108 or email Brant Shallenburger at bshallenburger@thecolonytx.gov.
